Career Objective

- Motivated MCA student with a strong foundation in programming, databases, data analytics, and software development. Skilled in Python, Java, SQL, Power BI, and Excel, with hands-on experience through academic projects. Seeking an entry-level opportunity to apply my technical and problem-solving skills, learn emerging technologies, and contribute to innovative technology solutions while growing as an IT professional.

Education

Galgotias University, Greater Noida <i>Master of Computer Applications (MCA) — Current CGPA: 7</i>	Present
Sher Shah Collage, Sasaram (Aff. VKUS, ARA) <i>Bachelor of Computer Applications (BCA) — Percentage: 71.58%</i>	2021 - 2024
S.N.College, sahmam, khairadeo, rohtas (BSEB) <i>Intermediate — percentage: 58.4%</i>	2019 - 2021
K.B. High School, Kapasian, Rohtas (BSEB) <i>High School ercentage: 72.8%</i>	2018 - 2019

Experience

AICTE - EduSkills Virtual Internship <i>Google Android Developer</i> – Learned Android Studio, Activities, Services, UI Design, and Android App Development. – Worked on practical Android development tasks and assessments. – Gained hands-on experience with the Android development lifecycle and application components.	2026
AICTE - EduSkills Virtual Internship <i>Data Analytics with Python & Power BI</i> – Worked on Python, Power BI, and data analysis projects. – Created interactive dashboards and gained insights from complex datasets. – Strengthened skills in business intelligence and data-driven decision making.	2026

Projects

Personal Portfolio

- * Developed a fully responsive personal portfolio website using HTML and CSS to showcase professional skills, projects, and contact information.
- * Implemented smooth CSS animations, transitions, and interactive UI elements to create an engaging user experience.
- * Designed a clean, accessible, and mobile-friendly layout with responsive styling for seamless viewing across different devices.

Spam Message Detection

- Built a Spam Message Detection system using Machine Learning to classify messages as spam or ham with high accuracy.
- Performed data preprocessing, feature extraction, and model training to improve detection efficiency and automate message filtering.

Technical/Key Skills

Programming & Tools: Python, React, JavaScript, Express.js, Node.js, HTML, CSS, MySQL, Git/Github, Data Visualization, (Solved 100+ DSA Problems on Leetcode).

Soft Skills: Communication, Problem-Solving, Team Leadership, Adaptability, Critical Thinking.

Certifications

- Machine Learning Certification – AWS Academy (2026)
- AI-Data Engineering Analyst - Skill India NASSCOM (2026)
- Microsoft Excel Certification – Coursera (2025)
- Kali Linux Certification – Coursera (2025)
